Working from home – at last

JANE ADAMS, A SINGLE MUM OF FIVE, HAS MANAGED TO ACHIEVE A PERFECT WORK-LIFE BALANCE WITH THE HELP OF OSCAR PET FOODS.

When Jane Adams first came across OSCAR she had something to sell the company and didn't realise one day the tables would turn when a career change would become a priority and OSCAR would be first and last on her list.

Jane explains: "Why did I want to change my life? There were a number of reasons, but as a single mum of five and having spent a 30 year career in sales working long hours and sometimes away from home, it was a question of how much longer could I continue."

BELIEF

Although selling was her forte, she did not always believe in the product or service she was expected to promote: "Until the day I started selling marketing displays to the franchisors where I discovered OSCAR, a company that stood out from the rest. I followed through to find a well supported company that presented a friendly, high standard of professionalism and quality products.

"Something clicked and I knew instantly we had common ground. Of course, Smudge, my soft coated Wheaten Terrier loves OSCAR, but to work from home with hours to suit allows me to have quality time with my three children who are still with me. We can now share and enjoy the fruits of my labour, which is something we all deserve."

Working in the competitive sales market and in an area where the security of long term employment might be under threat, Jane was unsure of her future. She explains: "I needed to be in control of my own destiny and the only person to offer true reliability was me - along with the security of OSCAR.

"There have been a few life changing decisions made during the process of reaching my starting date, having spent a considerable amount of time speaking to existing franchisees and attending meetings at OSCAR.

"In my time I have developed territories and successfully established myself as a proven sales professional with good business skills. But this time I can move forward with a genuine product and service that will bring me a successful business, the reward of a good work-life balance, my dream of eventually retiring to France and Smudge, who never fails to give me a goodnight kiss."

CONVENIENT

An OSCAR franchise provides the security of a strong brand and protected image that gives you the benefit of running your own business to suit your circumstances. Within your own exclusive territory you can provide a convenient and free direct to the door delivery service of a comprehensive range of quality pet foods that is supported by an honest label policy - follow the OSCAR system and you will find success.

The opportunity to offer a personal pet care service with ongoing expert advice to pet owners, health care products and accessories is unique to OSCAR, bringing many rewards, including repeat business and the opportunity to meet the UK's 13 million pet owners - who just love their animals.

Over the years OSCAR has gained the experience and confidence to recognise the importance of making career changing decisions. So if you want the freedom and security of running your own business there is no question your change for the better should be with OSCAR. **MM**
